A PRAYA ROBBERY.

At the Criminal Sessions this morning before the Puisne Judge, Mr. Justice Gompertz, sitting in the second court, Hui Wai, alias Leung Tsai Wai, was indicted for committing a robbery with violence, with two other men not in custody, at a Chinese house, No. 144, Praya East, on September 11. The robbery stole \$4,000 in bank notes and some jewellery.

The following jury was sworn to try the prisoner—Messrs. Frederick J. Gellion (foreman), J. H. F. Brister, A. E. W. Dunne, P. M. N. de Silva, J. T. Victor, P. M. N. de Silva, and W. T. Sheehan.

Mr. C. G. Alabaster, who prosecuted for the Crown on the instructions of Mr. P. M. Hodgson, Assistant Crown Solicitor, said the robbery had the usual features. The evidence against the prisoner was mainly that of identification, but he was also alleged to have had a conversation with a friend of his after the robbery in which he practically admitted that he took part in the robbery; this man would be called as a witness.

A married woman, whose husband is the tenant of the house, said on the day of the robbery a man dressed in European clothes went to her house and presented a letter. As she was reading it he pointed a dagger at her and said he had come for her wealth. Other men entered the house, and after gagging her and her husband and servants, took five gold bangles, five rings and \$4,000 which had just been taken from the Hongkong and Shanghai Bank. The robbers tied them all up with string and then went away. The woman's husband, who spoke Mandarin, identified prisoner, as one of the robbers, he having stood by witness's side threatening him with a dagger while another man held him.

After further evidence had been given the jury found the prisoner guilty, and he was sentenced to seven years' hard labour.

INGENUOUS FOWL STEALER.

A man was charged before Mr. Melbourne at the Magistrate's Court this morning with stealing a fowl, value sixty cents. It was explained that the man's method of stealing the fowl was very ingenious. He had a small dried frog attached to a thread. When a fowl swallowed the frog, all he had to do was to pull in the thread. The complainant said he had lost a good many fowls, and he believed the prisoner for this. The judge, however, was not convinced, and sent the man to prison for four hours.

ELLAMS B. 19 ROTARY DUPLICATOR.

Has achieved a success unequalled by any other Rotary Duplicator. This is due to simplicity of working and the excellence of fitting of the parts. It has caused a complete revolution in Duplicating, and the production of perfect copies by the Rotary Machine is now a certainty.

From a well written original any boy can make thousands of copies on any paper, and each one will be perfect.

There is absolutely nothing to go out of order, and the apparatus is always ready for use.

There is a mechanical device which allows the copy to be made in any position on the paper.

The pressure-roller is regulated by a simple lever, and the arrangement is so made that it is impossible for the operator to have difficulty with his work.

The printing cylinder is geared so that one turn of the handle makes a copy.

A most important advantage ELLAMS' B. 19 possesses is that the ink never dries on the roller or pads, and copies can be made on any kind of paper. Moreover, this ink does not stain the hands in any way.

There is no peculiar or complicated fastening of the stencil-sheet to the Duplicator, the ELLAMS' B. 19 Duplicator is so absolutely simple that it requires no experience whatever to produce perfect copies from it—there is no calculating or unscrewing of parts.

The Machine is fitted with an automatic Copy-counter recording instantly the total number of copies taken.

We stock three different kinds of this Duplicator:

- 1—For duplicating typewritten documents ... Price \$100.
- 2—For duplicating both type and handwritten documents ... \$115.
- 3—For duplicating both type and handwritten documents with self-feeding attachment ... \$140.

Complete with all supplies ready for immediate use.

Considering the excellent workmanship of the apparatus, the prices are very reasonable and compare most favourably with any Duplicator on the market.

We guarantee that the Machines will give complete satisfaction.

A Natural
RemedyTime was when disease was thought to be due
to the direct influence of evil spirits, and exorcism
and magic were invoked to cast it out.Science has taught us wisdom. The evil
spirits exist still. We call them "Disease
Germs," and they also must be cast out. Once
lodged in the stomach or intestines, fever with
its hallucinations, or biliousness with its aches
and pains, is the result.ENO'S
FRUIT SALTis the approved remedy for driving out disease
germs. Its action is quick and thorough. It
clears the intestines, rouses the torpid liver to new
life, stimulates the mucous membrane to a healthy
action, and cleanses and invigorates the whole
digestive tract.It may be safely taken at any time by young
or old.It is very effective in the early stage of Diarrhoea
by removing the irritating cause.Be prepared for emergencies by always keeping
a bottle in the house.Prepared only by

This growth has been gradual. The Dreadnought, of 400 ft. and 17,000 tons displacement, was succeeded by three ships of the Bellerophon class, of the same length and 18,600 tons. In the following year, 1907-1908, three ships of St. Vincent class were laid down, and their length was 300 ft. and the tonnage 19,350. Then came the Neptune, with the Colossus and Hercules, 310 ft. in length and of practically 20,000 tons. In these ships a change was made in the arrangement of the guns. All of the ships so far had been fitted with ten 12-in. weapons, although developments had been made in the length, and therefore in the power. The barbettes in each were located as in the Dreadnought—one in the centre line forward, two in the fore quarter on each side, and two in the centre line aft; but in the three ships of the Neptune class the two pairs of after guns were placed at different levels, so that all four could fire astern.

The Orion, which was laid down at Portsmouth in the autumn of 1909, marked a new departure in many respects. It was in this ship that the 13.5-in. gun was first fitted, and at the same time the disposition of the guns was altered. The barbettes were all arranged in the centre line—two forward, one amidships, and two aft. As in the Neptune, those aft were arranged at different levels, and this system was also adopted for the four guns forward, so that the guns in No. 2 barbettes fired forward over those in No. 1, and those in No. 4 fired aft over those in No. 3. Thus four guns were available for ahead fire and four for astern fire, while all ten could be fired on either broadside, as against eight in the preceding ships. This modification involved a considerable increase in the length of the ship, which became 345 ft., while the beam was 108 ft. 6 in., and the displacement 22,500 tons. Of this class three other ships were ordered—the Conqueror, Monarch, and Thunderer. In the programme of 1910-11 there were again four battleships—the King George V, the Centurion, the Ajax and the Audacious. In their case, the arrangement of the 13.5-in. guns was as in the Orion class, but the length of the ship was increased to 350 ft., the beam to 89 ft., and the displacement to 23,000 tons. The programme of 1911-12 provided for four battleships—the Iron Duke class—and, as already mentioned, these have a length of 360 ft., a beam of 90 ft., and a displacement of 23,000 tons. The primary armament is the same as in the King George V—namely, ten 13.5-in. guns, and the emplacement of the guns in the ship again corresponds generally with that evolved for the Orion.

SOCIAL AND PERSONAL.

Mr Otto Kong Seng returned from Hoi-ho yesterday by the s.s. Sungkiang.

Mr. F. A. Hazland has returned from a holiday at Home, and resumed his duties as first Police Magistrate to-day.

The Baron Oetli, the well known financier representing the Franco-Belgian Syndicate, arrived this morning from Peking by the s.s. Paul Lear and will proceed to-night to Canton accompanied by his agents M. Vernon and M. Barberini.

The remains of the late Mr. Edward Quelch, whose death took place on Sunday, Nov. 10th at Shanghai, were interred in Bubbling Well Cemetery. Out of respect for the deceased's rank in the Light Horse, a volunteer funeral was accorded to him. The principal mourners were Mr. C. W. Quelch, Mr. H. Quelch, and Mr. and Mrs. A. B. Fullerton.

We regret to announce the death of Mr. Li Chung, who passed away at 2.35 a.m. yesterday at No. 97, High Street, after an illness lasting two years. Mr. Li Chung was formerly First Clerk and Interpreter at the Magistracy, Hongkong, Chief Interpreter and Translator of the First Circuit Court of Honoluli, and Secretary to the Chinese Consulate at Honoluli. Mr. Li Chung was 62 years old.

The death on Nov. 19th is reported from Shanghai of Mr. Richard Graham, who only arrived in China on October 8th last to occupy the position of a professional at the Shanghai Golf Club. Mr. Graham was found dead in bed and it is believed that heart failure was the cause. The deepest grief has been manifested in Shanghai at the untimely death of Mr. Graham, and the sincerest sympathy is being felt for his young wife, who is at home. The deceased was quite a young man, and it is understood he was not much more than twenty-five years of age.

PRETTY HONGKONG WEDDING.

Mr. W. C. D. Turner—Miss A. M. Cunningham.

A pretty wedding took place at the Cathedral this afternoon, when Mr. William Cecil Dutton Turner, of the Hongkong and Shanghai Bank, second son of the late Major James Trench Turner, 73rd Porthshire Regiment and Army Pay Department, and Mrs. Turner, of Colinton, Midlothian, N.B., was married to Miss Annie Mary Cunningham, elder daughter of the late William Murray Cunningham, and Mrs. Cunningham, of the officiating clergyman was the Chaplain, the Rev. Copley Myles.

The bridegroom is very well known in the Colony and there was a large congregation at the service. Among those present was H.E. Sir Henry May and Lady May, Hon. Mr. Claud Sovern, and Mr. Justice Gompertz. The church was prettily decorated with white flowers, palms, and arches of trailing foliage.

The service was choral, and Mr. Denman Fuller, who was at the organ, played, among other bridal music, Mendelssohn's Wedding March. The hymns sung were "The Voice that breathed o'er Eden," and "O, Perfect Love."

The bride was given away by Mr. J. Stabb, manager of the Hongkong and Shanghai Bank in Hongkong. She was charmingly attired; her gown of white satin had an overspread of tulle, and was trimmed with old lace and clusters of white heather. She wore also a tulle veil, with wreath of myrtle and the bridegroom's gifts to her—diamond and pearl earrings and diamond and pearl pendant. Her bouquet was of white roses and chrysanthemums.

There were two bridesmaids, Miss G. Tomes and Miss Winifred Wilkinson who were prettily dressed in gowns of gold satin with overdresses of white nixon, and black hats. Their bouquets were brown and gold chrysanthemums.

Mr. A. C. E. Elborough carried out the duties of best man.

A reception was held at St. John's Place at the conclusion of the ceremony and afterwards Mr. and Mrs. Turner left for Japan for their honeymoon. The bride's travelling dress was of champagne canvas, trimmed with antique embroidery.

TYPHOON WARNING.

THE SHAMEEN MURDER.

Indian Soldier's Second Trial.

The Sepoy Ibrahim, of the 128th Baluchistan Infantry, who is charged with the murder of Ali Shafa, a subedar in the same regiment, was tried for the second time upon the capital indictment at the Criminal Sessions this morning, before the Chief Justice. At the October Sessions after a protracted trial the jury disagreed, and a new one was ordered.

The Attorney-General, Hon. Mr. J. A. S. Bucknill, K.C., instructed by Mr. J. H. Kemp, Crown Solicitor, prosecuted; and Mr. F. C. Jenkins, instructed by Mr. R. A. Harding, acted for the defence.

The prisoner's reply to the charge was "I know nothing about it."

The following were sworn on the jury: Messrs. A. L. Shields, W. Brown, E. Jacobs, J. H. Barr, C. Roberts, M. J. Wells, and W. G. Goggin.

Outlining the case, the Attorney-General stated that on the evening of September 4, some of the soldiers were sitting outside their camp at the Shameen, Canton. According to the evidence for the prosecution the Subadar confined accused and others to lines because he thought they were gambling, and he took some money from them. Just after this the sentry on guard saw a man standing under a tree close to the camp entrance, with a rifle in his hand. The sentry shouted to the man, and almost simultaneously a shot was fired. The soldiers, under the impression that the camp was attacked, went for their arms, and subsequently caught the man with the rifle, who was found to be the accused. The dead body of the subadar was found lying near. As this case had been sent down from the Supreme Court in China, and objection might be taken to the jurisdiction of the Hongkong Court, he put in the Order in Council and the "London Gazette" relative to the China and Korea Order in Council, 1904.

In answer to his Lordship, the Attorney-General said he believed this was the first case sent to this Court from Canton.

At the last hearing Mr. Jenkins commented on the fact that no plan of the camp was produced by the Crown. One prepared by an officer of the regiment was not in Court. It was prepared on the spot, and the witnesses pointed out to the officers the respective places where they were standing.

Several witnesses were called by the Crown this afternoon, but the case for the prosecution had not concluded when the Court rose.

That everyone even nowadays is not in touch with Rugby football the following amusing fact will show. Several letters and newspapers from South Africa addressed to members of the Springboks, care of "The Rugby Union, England," have been delivered at the Rugby Workhouse and returned from there to the Post Office, endorsed, "Not known here." Comment is unnecessary.

THE PEAK BURGLAR.

Ten Years' Imprisonment.

The Peak Burglar Wong Cheuk, alias Tsoi Tin, who recently escaped on two occasions from Victoria Gaol, but was re-captured, was charged as the Criminal Sessions this morning, before the Puisne Judge, Mr. Justice Gompertz, sitting in the second court, on four indictments with house breaking and larceny from dwelling houses. He was guarded in the docks by two Indian constables.

Prisoner pleaded guilty to two charges of house-breaking and larceny at the residences of Mr. E. A. M. Williams, of Messrs. Lowe, Bingham and Matthews, No. 127, the Peak, and Mr. Caldwell's, No. 25, the Peak; and to one of simple larceny charging him with the theft of a watch belonging to Mr. J. R. Wood, Director of Education. To an indictment of stealing a quantity of jewellery and other articles from the residence of Mr. Ormiston, No. 8, the Peak, he entered a plea of not guilty.

Mr. C. G. Alabaster, instructed by Mr. P. M. Hodgson, Assistant Crown Solicitor, said as the prisoner had pleaded guilty to three charges he thought it would be only taking up the time of the jury unnecessarily to endeavour to prove the fourth charge, which he accordingly withdrew.

As Mr. Alabaster had not the record of the prisoner's previous convictions in Court prisoner was put back for sentence until the tiffin adjournment.

Prisoner was sentenced to terms of ten years' imprisonment on each of the house-breaking charges, and to two years' on the charge of larceny, the sentences to run concurrently.

KWANGTUNG NEWS.

(From Our Own Correspondent.)

MENTAL PERPLEXITY. It will be remembered that the general trend of the present officials in Canton is to discredit idolatry. Directly and indirectly they have attempted to enlighten the people in this regard. But the people now are having their revenge. In other words, after the recent fire, the ignorant are turning round and saying that the gods of fire is having his revenge. This is the more certain because, notwithstanding the vastness of the fire, which burnt up to the margin of the temple of the god, it did not devour his temple. Therefore, there is absolute proof that the idol took revenge for the insults offered to him, and whilst he burnt down the property of other people, he took good care that his own dwelling place should be intact, that he might see and know that he managed the whole affair. One speaks and a hundred respond, and so the words are being said, and apparently partially at least believed.

THE FIRE AND THE INSURANCE COMPANIES.

There is a good deal of unrest in regard to the condition of some of the native insurance companies that have been involved, account of the recent fire in Canton. Large sums are mentioned as being lost because there are no funds. Apparently the native papers know nothing clearly as to what the fire will mean to the Insurance Companies, which are managed by foreigners, at least they profess ignorance in this regard. But the state of the exchequer of some of the native companies will not bear the strain. It is said that there have been several, which have been started during recent years, whose heads have been altogether inadequate. Already some of these have issued statements that they have not the means of paying up the full amount, for which premises have been insured, and they have taken the step which is equivalent to bankruptcy, and given over all their alleged capital, and told those involved to pay it out amongst those insured pro rata.

STRANGE DOINGS IN THE EAST OF THE PROVINCE.

The farmers who till the lands situated in the east of the province must be in a bad way. On the ninth of the month, whilst they were at work cutting their crops, a big band of robbers appeared, and demanded that one Mr. Yeung, whom they seized, should pay a ransom, or that they would murder him. He and they decided, the robbers then took the victim, tied him up, and shot him dead before the others withdrew. At least the robbers apparently had been near by waiting orders. Presently about fifty of these appeared, which the robbers piled up with the sheaves of rice, that had been cut and bound, and then when they had taken as much as they could carry they sailed away and left the poor farmers without any redress. It is said that bands of robbers, in some cases numbering quite a hundred strong, march about carrying rifles, and no one is able to cope with them. When they are on the march like this they take what they like from any homestead that is at hand.

THE CONDITION OF AFFAIRS NEAR SANGUL.

We know that there has been a good deal of trouble around San Cheung Foo. Even nearer home, that is to say at San-ching, the local people are building a big road somewhere near the town, but as the names of the places give no idea to anyone, it is useless to translate them. There seem to be a good many movements about, and at the work, but they are afraid to go on with it till there is a company of soldiers sent to protect them. Anyway the manager of the new work has sent in a petition to the military authorities in Canton, and asked that a company of rifles and revolvers be sent down, and also sufficient ammunition to stand a good siege. The writer of the appeal states that he is quite bona fide, and that the weapons will only be used for the purposes for which they were sent. It is likely however that in the long run the robbers will be the gainers. They will most likely make a raid some day and then the soldiers will run away and the weapon will be lost.

ORGAN RECITAL.

The following is the programme of the Organ Recital which is to be given in St. John's Cathedral to-morrow at 5.30 p.m.:—

Tonata..... C. V. Stanford.
Airs..... "Jerusalem, thou that fillest the prophets"..... Mendelssohn.
Serenade..... F. Bridge.
Solo..... "Prodicione anima Christiana"..... E. Elgar.

Mr. F. Grove.

Recit..... "My work is done"..... E. Elgar.
Mr. Hunter.

Fugue (St. Anne)..... Bach.
Recit ("The good we wish for")..... Handel.
and Air ("Thy glorious deeds")..... Handel.
Mr. F. Grove.

Harmonies du Soir..... Karg-Elert.

The programme is one which contains several items of exceptional interest and at least three of the numbers if not more are being given in Hongkong for the first time. The Sonata of Stanford is a brilliant piece of writing in a modern classical style. Frank Bridge's Serenade is a piece which has been arranged by Mr. Deane Fuller for the organ; it was the prize winner in a recent open competition and has in a very short time found wide favour. The principal items of interest are however the two extracts from Elgar's magnificent setting of Cardinal Newman's "The Dream of Gerontius," which will be sung by Mrs. Hunter and Mr. Frank Grove. They comprise the close: scene of Part I and the Prelude and opening of Part 2, the part of the Priest being taken by Mr. Grove and that of the Angel by Mrs. Hunter.

THE LATE CAPT. T. E. COCKER.

The funeral of Capt. T. E. Cocker took place at the Bubbling Well Cemetery, Shanghai, on Nov. 12, when the remains were cremated. The principal mourners were Mr. T. E. Cocker, Jun., son of the deceased, and Mr. C. H. Fallon, son-in-law, while the others present included Sir Everard Fraser, K.C.M.G., Messrs. H. F. Merrill, Commissioner of Customs, A. Cross, V. Dent, and W. Macdonald, Deputy Commissioners.

Writing upon the late Mr. Cocker, a correspondent to the "N. C. Daily News" says:—Besides the long and interesting career he had in China, Mr. Cocker's life contained many episodes of adventure elsewhere, and the honours which were at different times bestowed upon him have seldom been accorded to one more deserving. Born in London, Capt. Cocker was originally intended for the Navy, and following this career he became a midshipman aboard the Victory in the fifties. In 1856, after he had been a year in the service, he was transferred to the transport Porpoise, and carrying troops in her to the Crimea, was one of those to go through the war. He remained in the Navy until 1862, having seen service in various parts of the world. Possibly it was love of adventure which impelled him to resign from the Navy in the year above mentioned, for during the progress of the American Civil War he found himself in the West Indies, and it is understood, was engaged in the hazardous operations of blockade running. Succeeding years found him in places so far apart as Chile and Turkey, in the former of which he saw service, and his connection with China, during which he was to do valuable work for the country and the Customs service, then began.

In 1869 his appointment to the service took place, and it was his task to take command of the revenue cruiser Lingfong, now dismantled and used as a police hulk at Shanghai. He navigated her to Chinese waters, round the Cape, and until January, 1877, was in charge of her on the coast. He was then transferred to the Fethow, another cruiser, and was with her until 1880. In 1875 an Imperial decree had conferred upon him the title and rank of Yu Chi, and after 1880, when he was detailed for special service at Tientsin, he was to receive still higher honours. In May 1880, he came into prominence through the assistance he rendered the gun- vessel Chen-nan of Haiyangtao, Tientsin, and for this he was promoted to the rank of Tsuchinchi and received the Pao Hsing of the First Class, also by Imperial Decree. In 1882 he was again in command of the Lingfong, and in February, 1883, he rendered valuable assistance to the crew of the U.S.S. Asholt when wrecked on Lamock Island. On this occasion the U.S. Government expressed its thanks to Captain Cocker through the medium of the Tientsin Yamen.

In 1883 Capt. Cocker's connection with the revenue cruisers ceased, and he was transferred to the Marine Department of the Customs. He was first posted at Amoy as Coast Inspector, but in June of the year mentioned he was transferred to the indoor staff of the Revenue Department. He was first Acting, and then Deputy Commissioner of the Outdoor Staff at Canton, and in this position he occupied until 1892 when he was appointed to Shanghai, taking the position of Acting and Deputy Harbourmaster under Capt. Blabbe. The year 1897, again found him back at Canton as Deputy Commissioner of the Outdoor Staff, and he spent the years until 1906 between there and Kowloon. In 1906 he went to Foochow and the following year to Kiangning, retiring in 1910.

In addition to the decorations already mentioned, Captain Cocker had conferred upon him in 1906, by Imperial Decree, the Civil Rank of the Third Class.

THE WAR.

THREE THOUSAND TURKS
DRIVEN BACK.

Anxiety At Constantinople.

(Reuter's Service to the China Mail.)
LONDON, Nov. 17.

A message from Reika states there was fierce fighting on Friday before Giovanni and Dimecia. Three thousand Turks were driven back in disorder.

An official message from Constantinople reports that seven battalions of Montenegrins while advancing towards the heights of Kakarik near Soutari, were repulsed and fled beyond Boyani abandoning 100 killed.

"IMAGINARY BATTLES."

It is beginning to be understood that the history of the war will have to be considerably recast. The Reika's accounts of the tremendous battles after Luleburgas and the furious pursuits to the Chataldja lines appear to be largely imaginary. The special correspondents are now pointing out that the Bulgarians were strangely dilatory after the victory at Luleburgas and missed an exceptional opportunity of destroying the enemy. Nevertheless, the fact alone that Turkey has applied for an armistice confirms the belief that she is dangerously weakened and cannot sustain a prolonged defence.

SIR EDWARD GREY CLOSELY
OCCUPIED.

A letter from Sir Edward Grey, the Secretary of State for Foreign Affairs, was read at a meeting at Alnwick in which he asked them to excuse his absence. It had been impossible for him to leave London for the past two or three weeks, and it would be some time before he could get more freedom, although the prospects of a favourable solution to the European question were not unsatisfactory.

THE ALLIES AND PEACE.

A message from Sofia states that it is understood that the peace conditions of the Allies in reply to Turkey's direct overtures will be formulated without delay and presented to Turkey for acceptance or rejection as a whole. The Allies do not intend to permit Turkey to gain valuable time by wrangling over terms, and unless the latter be accepted within twenty-four hours hostilities will be resumed with the utmost vigour. By prompt acceptance Turkey may possibly avoid the entry of the Bulgarians into Constantinople. It is believed that Bulgaria does not object to Turkey retaining Constantinople and the Dardanelles.

THE SITUATION AT
CHATALDJA.

There are many rumours in Sofia regarding the situation at Chataldja. One newspaper reports severe fighting and the capture of six forts, two of which are most important, with heavy losses, but it is officially declared that up to the present no serious engagement has taken place, merely outpost skirmishes and the capture of three villages before the lines, north, south and centre.

King Ferdinand is now at Kirk Killise, but is reported to be preparing to start for Chataldja. The railway is now in full operation from Kirk Killise to Tcherkeskeui, the second station from Chataldja.

CHOLERA SPREADING.

LATER.

Reuter's Constantinople correspondent telegraphs that cholera has become worse, and the "scourge of war" now exceeds one thousand cases daily, over fifty per cent of which are fatal. The authorities are powerless both as to method of treatment and lack of organization. Three thousand patients who arrived at San Stefano remained for over twenty-four hours in trains at a siding without food or water, and only four doctors in attendance.

Cholera has increased greatly, and many patients have been placed in the mosque at Sofia.

SERBIANS AT ADRIANOPLE.

It is announced at Belgrade that the Serbians have lately been investigating Adrianople, presumably while the

Bulgarians were concentrating on

Chataldja. Since then there have been two sorties, both of which were repulsed. The Turks sustained heavy losses.

YOUNG TURKS BEING
ARRESTED.

The arrest of Young Turk leaders continues. Many arrests have also been made at the front on a charge of furthering the propaganda to restore Abdul Hamid.

DEARTH OF NEWS.

No official war news has been received at Sofia from headquarters during the past five days and it is presumed that either little progress has been made in attacking Chataldja or that fighting has altogether ceased pending negotiations of the armistice.

ALARM AT CONSTANTINOPLE.

Guns Heard In The Distance.

Reuter's Constantinople correspondent, telegraphing on Sunday, states that at 11.30 on the previous evening heavy firing was audible throughout the city since the early morning, and it seemed that a general engagement was in progress. Considerable excitement prevailed in the city, and many of the house-tops were crowded with people listening anxiously. No information is available of the nature of the engagement. It is believed that the Bulgarians are attacking Bojokchekmeje. The Turkish warships have all day been bombarding the Bulgarians at different parts of the Marmora coast.

THE LATEST FROM SKUTARI.

A telegram from Reika states that General Vukotich arrived near Lake Skutari, and marched to-day to join in the siege of Skutari, whilst the Serbians are also expected. A combined action on the Albanian coast is anticipated if the Austro-Montenegrin negotiations proceeding at Reika headquarters fail. It is stated that the first condition of the armistice is the immediate surrender of Skutari and district to the Montenegrins. Meanwhile hostilities before Skutari have again been suspended on receipt of a telegram from Sofia to the effect that Turkey has sued for peace.

BRITISH POLITICAL
CRISIS.THE WELSH DISESTABLISHMENT
QUESTION.

(Reuter's Service to the China Mail.)
LONDON, Nov. 17.

The Welsh Disestablishment Committee has telegraphed to Mr. Asquith and Mr. Lloyd George their grave concern at the rumours of the possibility of the Government dropping the Welsh Disestablishment Bill.

THE PREMIER.

Mr. Asquith replied to enquiries in Committee on Saturday that the rumours alleged that he intended to resign were unfounded.

MR REDMOND'S DETERMINATION.

Mr. Redmond, speaking at York, said that the recent occurrence would somewhat delay the Government's programme, but what was a few days, or even months, in this fight? He and his colleagues would shrink from no sacrifice in order to help to pass the Welsh Disestablishment Bill and other British measures.

OBITUARY.

(Reuter's Service to the China Mail.)
LONDON, Nov. 17.

The death is announced of Colonel Gore Browne, who was one of the Lucknow garrison which made such a heroic defence of the city.

LONDON, Nov. 18.

The death is reported of Lord Calthorpe. He was in his 83rd year.

A SUPFRAGETTE MARCH.

FROM CAPITAL TO CAPITAL.

(Reuter's Service to the China Mail.)
LONDON, Nov. 16.

A party of Suffragettes concluded a six weeks' march from Edinburgh to London by a meeting in Trafalgar Square on Saturday evening. Two ladies carried a petition, numerous signed en route, to Mr. Asquith's residence. There was no disturbance.

LATEST FROM THE WAR.

FRESH MONTENEGRIN VICTORIES.

(Reuter's Service to the China Mail.)
LONDON, Nov. 18.

A telegram from Reika states that the Montenegrins yesterday occupied San Giovanni, Dimecia and environs.

THE SITUATION IN CONSTANTINOPLE.

Reuter's Constantinople correspondent states that on visiting the lines at Chataldja he did not find any cordon of picked troops which it was stated the Government had posted in order to prevent the mobs of retreating soldiery from entering the city. It seems that the protection of Pera will devolve entirely upon the gendarmery and foreign marines, detachments of which were sent to each Embassy late yesterday evening.

RUSSIA AND MONGOLIA.

A COSSACK FORCE ON THE MARCH.

(Reuter's Service to the China Mail.)
LONDON, Nov. 18.

A telegram from St. Petersburg states that a Cossack force is being sent to Urgan. Its strength is not stated.

The Russian frontier authorities are arranging for the storing of tents, and supplies at the various stages of the march to Mongolia.

CORRESPONDENCE.

THE TRAMWAY SYSTEM.

(To the Editor of the "China Mail.")
Dear Sir,—Permit me through the medium of your valuable paper to point out that the decision of the Tramway Company to accept nothing but Hongkong subsidiary coinage in payment of fares has created a considerable amount of inconvenience amongst the public using the cars. The majority of the passengers had no idea that such a change was contemplated and were surprised this morning, when tendering Chinese sub-coins, to be told that these could not be accepted.

Notices, it is true, appear in the cars notifying the change, but these are in such positions as to evade the eye of the ordinary traveller when seated. The result this morning was, of course, that many passengers, unaware of the new rule, had to get out of the car and walk or take rickshaws.

The company are perfectly justified in accepting Hongkong coins only, but I maintain a good deal of annoyance could have been avoided if the tramway officials had made the change public by means of the local press.

Yours, etc.,

HONGKONG, Nov. 18.

EUROPEANS AT VARIANCE.

Assault Cases at the Magistracy.

At the Magistracy this afternoon the case was again heard by Mr. Irving in which Mr. E. L. S. Alves, clerk, of 17, College Chambers, summoned J. Carr, fitter, 15, College Chambers, for assault and using abusive language. There was a cross summons, also for assault and bad language.

Mr. L. R. Needham, of Messrs. Evans and Harton, appeared for Mr. Alves. A witness named Mr. Silva, said that he was at the dinner party at which the alleged assault took place. He said that he saw the defendant pass by the door and return afterwards and kick it, and heard him use bad language before the ladies. Carr afterwards struck Mr. Alves, and spat at the ladies and on certain person's clothes. Witness and Mr. Alves blew a whistle for the police. The defendant challenged witness to fight.

Carr said that he was assaulted by this witness.

European constable No. 111 deposed to being called to the house by the blowing of a whistle. On arrival there Mr. Alves complained of having been assaulted by Mr. Carr. Witness then called Mr. Carr out, and he said he was assaulted by Alves. Witness did not know what to make of it so he took them all to the Police Station. None of the parties were the worse for liquor.

To Mr. Needham—Mr. Carr did not complain of being assaulted by Mr. Alves, but said he was assaulted by Mr. Silva.

Mr. Carr gave evidence on oath, to the effect that on the night in question, the door of complainant's room was slammed in his face. This had been done many times previously. He tapped at the door with his left hand, and asked what was the meaning of the slamming, as he had had enough of it. An offensive expression was used towards him. He was pulled into the room, where everyone was howling. Witness did not see any ladies.

Mr. Silva actually used his fists on witness whilst he was blowing a police whistle. Witness was struck on the nose. He was rescued shortly afterwards by Mr. Bond. He denied striking Mr. Alves—Mr. Alves was too small to hit—neither did he strike Mr. Silva.

To Mr. Needham—He had no grudge against Mr. Alves. Mr. Alves did not strike him; the assault that he complained of was Mr. Alves calling upon his friends to assault him. He denied spitting at anyone or striking at anybody.

Mr. Needham: You suggest, then, that the witnesses I have called committed wilful perjury?—Yes.

Mr. Irving said he would disbelieve both charges of assault. On the charge of using abusive language he would fine Mr. Carr 25s. He was not binding the parties over to keep the peace; but he hoped there would be no more of this.

UNsinkable CLOTH.

Remarkable Life Saving
Invention.

Hongkong is about to have an opportunity of seeing a demonstration of a new life-saving invention, a fabric which, sewn in the form of an ordinary suit of clothes, will support the wearer indefinitely in the water.

The demonstration is to be given at the Victoria Recreation Club under the joint auspices of the club committee and the "China Mail."

The fabric, the invention of a Berlin scientist named Hartwig, is a secret. Its basis is a fibre which some chemical treatment renders absolutely unabsorbable without altering its weight, which is no heavier than cotton.

Recently at Trepow, near Berlin, a troop of the German army whose uniform was lined with the material was ordered to march into the deepest part of the Elber-Spree, fully equipped. His total weight was 210 lbs; but he only sank to the shoulders, and supported in an upright position, was able to walk ashore. Before doing this, however, he went through a series of military exercises in the deepest part of stream, aiming his rifle and making shot after shot.

So light is the new material that it can be worn without inconvenience, at least in cool climates, even into the lining of one's ordinary clothes. It should prove invaluable to seamen and others working on the water, and doubtless when it becomes better known, similar suits of the fabric will become part of the equipment of the crews of all the big shipping companies.

The material is to be used not only to line coats, but for making life preservers and similar articles. A small cushion lined with it and weighing up more than two pounds will support six people in the water indefinitely, so phenomenal is its buoyancy.

The German Government has made extensive tests of the fabric, and it is understood that they are thinking of equipping both the army and navy with clothes made with it.

The invention, which has been extensively patented, is already on the market, and Messrs. Molchers and Company have taken up the agency for the Far East.

The date of the demonstration will be announced later.

SPORTING.

The Shanghai Races.

DIVIDENDS.

The dividends at the racing in Shanghai on Tuesday last, did not include any such handsome returns as we quoted in Saturday's China Mail as having been paid on the previous day. The best return for a win was \$35.50 on Mr. Toog's "Baby Mine" when he annexed the China Cup.

"The Baby" paid \$99 for a place in the first race, "Confiance" \$45.20 in the eighth race and Sandringham \$41.70 in the last race.

Dividends improved on the next and last day. \$121 was paid on "Durbar Chief's" win in the first race, \$47.10 on Battledore's win in the second race, \$184.90 on Lisibing's win in the 4th race, and \$103.50 on Valhalla's win in the last race. The highest place returns were Home Rule \$47.10, Vainqueur \$45.70, Head or Tail \$34.60 and Liebling \$35.60.

The 1,000 Second Prize, \$100, was won by "Durbar Chief" and "Baby Mine" in the first race, \$100, was won by "Durbar Chief" and "Baby Mine" in the first race.

At the fall of the flag, following some frisky movements by the winners of varied races, Burwood burst to the front with Battledore, and Rose Tree third and Battledore, being last, saw the "N. C. Daily News" at the mile-post the spectators saw Wingfield take up the commanding position with Head or Tail flying second, Burwood being a most useful third.

On the back straight Rose Tree loomed prominently in the race for the first and last time. Wingfield was second, but half a length behind with Burwood still going grandly and I'm Off and Perhaps occupying fourth and fifth positions. This order was maintained at Prib's Corner, but Burwood improved his chances by displacing Wingfield who, in less than a dozen strides, dropped into sixth place, Mahatma occupying fourth position. Thus they ran as the Monument with the rear portion of the field beautifully bunched: Burwood second, Battledore third, Rose Tree fourth, Mahatma on the outside on third, and I'm Off fourth. Less than a furlong and a half from home there was nothing in it but Marengo, who had come from the rear on to the outside, Burwood and Mahatma, with Battledore making ground all the time.

The excitement was intense, and amidst great cheers Marengo moved into first position and passed the post three-quarters of a length ahead of Burwood, whilst Battledore, having worsted Mahatma, lay half a length behind the second. The time, 2.48 2/5 sec, did not vary from the time accomplished in the success of Marengo in the last race of the previous day.

SOMETHING FOR MOTHERS.

THIS is the season of the year when mothers feel very much concerned over the frequent colds contracted by their children, and have abundant reason for it, as every cold weakens the lungs, lowers the vitality and paves the way for the more serious diseases that so often follow. Chamberlain's Cough Remedy is famous for its cures, and pleasant and safe to take.
